Denies He Has Made a Deal.

Senator James B. McCreary denies the report that he has entered into a political deal and has issued the following statement:

"I have seen it stated and heard it reported that in making the race for the Democratic nomination for Governor, I have entered into certain combinations, involving other offices than the one I am seeking.

"I wish to contradict this in the most positive terms.

"I have made no promises and have entered into no combinations, involving any office, United States Senator, Lieutenant Governor, Auditor or anything else."

The Paris Milling Co.

The Last Chapter.

With today's game at White Park this afternoon between Paris and Lexington the base ball season in the Blue Grass League will close. A little more than a week ago the Paris club reached a height in their precentage that no other club in the organization could attain, and by so doing were conceded the pennant honors for the season that will conclude this afternoon.

Paris has had a club to represent her on the diamond this season of which she is justly proud. Under the able management of Edward McKernan they have played the game and carried off the trophy.

There has been no display of indifference. Every member of the club has gone into the games with the determination to win, and win she did. Reverses, which in all cases must be suffered, were borne with little complaint, but the same spirit of determination was dominant. So far as is known the season was not as successful in a financial way as that of last year, owing to the many improvements on the local grounds which necessitated an immense expenditure of money, which together with losses at the beginning of the season increased the expenses of the club.

But our club carried off the highest honors, and the flag for which it fought so hard will be unfurled to the breeze at White Park. By their wonderful work on the diamond many of the club members have enlisted the interest of the clubs higher up and next season will rise in the profession. Out of the entire number possibly not more than half a dozen will return to Paris next season. Some may go higher than others but each is deserving of some advancement.

Those who will return again will find a royal welcome awaiting them, and those who will be advanced in the profession have the best wishes of unlimited success in their undertakings. Today's game will mark the closing chapter of league base ball in Paris. We bid adieu to the season's game and our pennant-winning players

Counterfeit Bill.

There is a new counterfeit ten dollar national bank note at large, but it is not likely to deceive an ordinarily careful handler of money. The Treasury Department has issued a note of warning. It is a poorly executed photostatic production, with a few pieces of silk thread in it. It is drawn on the Home National Bank of Staunton, Texas, series of 1902-1903, check letter D.

Farmers are Anxious.

Considerable anxiety is being caused among the tobacco growers of Central Kentucky by the cold wave which struck this section Wednesday, Thursday and Friday night, of last week, giving them a hint of early frost, which it is feared will come sooner than expected to nip the crop.

The temperature Wednesday night was 53 degrees and Thursday night 52. Friday night was several degrees cooler and light frosts were reported in some sections.

President Clarence LeBus of the Burley Tobacco Society in his speeches this summer urging the growers to join the pool declared that he believed there would be frost by September 15 which would materially reduce the production of the unusually large area of tobacco planted this year. He argued that therefore there would be a short crop and the 1909 pool would be sold for a big price.

While a large part of the tobacco in this section has been cut and therefore saved from President LeBus' dire prediction, the cold wave occurring on those dates booms Mr. LeBus' reputation as a prophet and indicates that there will be early frost which may seriously injure much of the late tobacco.

From fear of frost the farmers are cutting tobacco as rapidly as possible, and are offering hands as high as \$2.50 a day and board.

Big Suit for Damages.

Miss Rella Ritchell, through her attorney, Col. J. Embury Allen of Lexington, has filed suit in the Bourbon Circuit Court for damages in the sum of \$25,000. Miss Ritchell, who is a teacher in Kokomo, Indiana, College, claims to have been ejected from a passenger coach on the Maysville division of the Louisville & Nashville railroad by Conductor Robert Lusk on the ground that she was a negress and compelled to ride in the compartment set apart for negroes.

The petition alleges that on the ninth of July the plaintiff purchased a ticket in Millersburg for Paris and that after the conductor accepted the ticket he ejected her from the car, compelling her to walk through the smoker of the forward car and enter the compartment occupied by negro passengers, greatly to her humiliation and disgrace.

Upon arriving in Paris, Miss Ritchell, who is a young woman of Russian extraction, was admitted as a guest of the Windsor Hotel and at the Crosdale cafe where she took her meals. She is, it is stated, a woman of intelligence, a fluent conversationalist and a teacher of English. Miss Ritchell is said to have been occupying her time during her vacation in literary work and on the day in question had visited the Millersburg Female College.

Miss Ritchell is a pronounced brunette, with brown hair and eyes are very attractive. She is said to be the daughter of a prominent family of the Russian Empire and received her education in American schools. Miss Ritchell, who is also an accomplished musician, had her headquarters in Lexington during her visit to Central Kentucky and is said to have met prominent people there in connection with her literary work.

The Real Tariff Issue.

The consuming public can care but little about President Taft's Tariff Board and what it discovers either abroad or here. The members of the Board are, no doubt, having the best time in their lives and living in luxury in the best hotels in the capitals of foreign nations with Uncle Sam as the liberal paymaster. What the American people would like to know is, whether or not there is any prospect of a decrease in the present high cost of living. Since the "best tariff bill" was passed in August 1909 prices have considerably advanced on many articles which makes the purchasing price of the dollar less than it was under the Dingley law.

What the voters have to decide when they vote for candidates for the National House of Representatives and for state representatives who will elect United States senators is which party candidate will vote for real tariff revision? The Republican politicians, even the Insurgents, declare that they are wedded to the protective policy, which artificially adds to the price of nearly all we buy because it prevents competition from abroad. The boasted home competition between manufacturer has nearly vanished in consequence of the tariff-fostered combines and trusts, which, it is evident, are added together in restraint of trade.

The Democrats are pledged to reduce the tariff to the revenue producing point, which, while it will not perhaps be enough to greatly increase imports, will force the manufacturers and trusts to combine to reduce the prices of their products for fear of losing part of their trade to foreign competitors. These two propositions are the whole tariff is as far as the American consumer is concerned, unless he wants to go into the details of the tariff tax on the 4000 articles—more or less—which is such a complicated matter that even the experts disagree upon it.

If the voters of the United States had not for so many years submitted to be plundered by the Republican tariffs, each higher than the former law, or he would think that it would be a certainty how they will vote on this paramount issue. But the partisan spirit of the Republicans is weakening under the insurgent blows, and the time for real reform seems surely at hand, and confidence in Democratic policies is growing apace.

After revising the tariff upwards for years to suit the protected interests, it is rather strange to now hear Senator Lodge call it the "old unscientific method." Is Lodge afraid that the people of Massachusetts are for tariff reform and are thinking of making a goat of him?

Republican organ says the Democrats are making "big bargains" all over the country—cutting the Republican majority, which always happens in an off year. Off year or not, it is the first time in many years they have been able to "eat in" in the rock-ribbed Republican State of Maine.

Shakers Close Deal.

The Society of Shakers whose estate is located at High Bridge, have transferred to Col. George Bohon of Harrodsburg, their holdings of 1,800 acre of the best land in Mercer county and their personality.

In addition to a cash consideration of \$5,000, Bohon binds himself to support and care for the individual members of the society the remainder of their lives.

Only fourteen Shakers are left. Their ages range from 70 years upwards.

Had Never Seen a Train.

Miss Berthenia Fryman, aged eighty-eight, died at her home near Morning Glory, Harrison county. Her aged brother, Alex. Fryman, died of the same disease one week ago.

The brother and sister were born and lived in the same house all of their lives, nine miles from Cynthia, but Miss Fryman never went to the city, nor was she ever in any city or town and had never seen a train. Her oldest neighbors cannot recall her ever leaving the place where she lived. They never used a lamp in their home and never had a cooking stove. She did the cooking on the hearthstone of a fire-place as was the custom in the olden times.

The President's Partisanship.

As President Taft has seen fit to take the partisan side in the fight for Congress, he must be content to receive partisan criticism. In his letter for the Republican campaign book Mr. Taft declares that a Republican majority in Congress is essential to the success of the method of revision of the tariff by separate schedules, because the Democrats would oppose such piecemeal revision. That statement indicates how little the President knows about the history of Democratic attempts to revise the tariff.

In 1892 a Democratic house of Representatives passed several separate bills to amend the tariff on a very similar plan to that now proposed by the President, but the Republican Senate defeated the following bills: to put binder twine on the free list; to remove all duties from cotton bagging; to abolish the protective rates on wool and woolen goods. As President Taft declares that the woolen schedule of the present law is indefensible, how can he blame the Democrats and charge them with refusing to do the very thing they did do long before Mr. Taft had evidently taken the trouble to think about the tariff? President Taft's advisors must be a sorrow or lazy lot to be allow their chief to make such a partisan charge with no peg to hang it on.

Powers Nominated in Eleventh.

Caleb Powers defeated D. C. Edwards for the Republican nomination in the primary in the Eleventh Congressional District Thursday by a majority of about 10,000. The primary has been bitterly fought for months. The result proved a surprise to the friends of the present Congressman in that Powers' majority was so overwhelming. Edwards only carried three counties out of seventeen in the district.

New Schedule.

The Frankfort & Cincinnati railroad began Sunday a passenger service between Paris and Frankfort, train leaving Paris at 7 a. m., arriving in Frankfort at 8:30 a. m. Returning the train will leave Frankfort at 8:15 p. m., carrying passengers from Louisville, and will arrive in Paris at 10 p. m. A through coach from Frankfort to Maysville has been added to the daily passenger service on the road, connecting here at 8:20 a. m. with the train for Maysville on the Louisville & Nashville railroad and returning leaves Maysville at 3:25 p. m. and connects with the train for Frankfort leaving Paris at 5:55 p. m.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste and you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as the case of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It makes Weak Women Strong. It makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

Pale-Faced Women

You ladies, who have pale faces, sallow complexions, dark circles under eyes, drawn features and tired, worn-out expressions, you need a tonic.

The tonic you need is Cardui, the woman's tonic. It is the best tonic for women, because its ingredients are specifically adapted for women's needs. They act on the womanly organs and help to give needed strength and vitality to the worn-out womanly frame.

Cardui is a vegetable medicine. It contains no minerals, no iron, no potassium, no lime, no glycerin, no dangerous, or habit-forming drugs of any kind. It is perfectly harmless and safe, for young and old to use.

Take CARDUI
The Woman's Tonic

"After my doctor had done all he said he could for me," writes Mrs. Wm. Hilliard, of Mountainburg, Ark., "I took Cardui, on the advice of a friend, and it helped me so much. Before taking Cardui, I had suffered from female troubles for five years, but since taking it, I am in good health. I think there is some of the best advice in your book that I ever saw." Your druggist sells Cardui. Try it.

BASE BALL.

FRIDAY.

In an exciting ninth inning finish the Frankfort club defeated Paris Friday afternoon by a score of 3 to 2. Maxwell was on the mound for the locals and pitcher great ball allowing but five hits and fanned nine men. Cornell twirled for the Senators and was hit hard, eight singles and two two-baggers being gathered in by the locals.

Kaiser hit safely four times out of as many times at the bat, in the eighth inning he drove the sphere to deep center for two bases and came home on Scott's double to right.

An error each in the ninth inning by Chapman and Kuhlman lost the game for Paris as they were one run to the good in the last session and had one man retired. Chapman who had been sent to second base after McKernan had been benched by Umpire Feyer, dropped a short fly from Angemeier's bat that gave the runner a berth, and Kuhlman, who after making a sensational stop of Bohannon's grounder threw wild to first and allowed Angemeier to score. Seebach followed with a single to center that brought in the winning run.

The locals took the lead in the opening session. Kuhlman led off with a single to center. McKernan was safe on Harrell's error and Kuhlman was caught at third. Kaiser hit safely to right, scoring McKernan. In the eighth two doubles counted another run. The visitors counted first in the first on a pass and two singles, in that inning a neat double retired the side. The score:

Paris.....1 0 0 0 0 0 1 0-2
Frankfort.....0 0 1 0 0 0 2-3
Batteries—Paris, Maxwell and Thau; Frankfort, Cornell and Angemeier. Hits—Paris 10; Frankfort, 5. Errors—Paris 2; Frankfort 2. Earned runs—Paris 1. Two base hits—Kaiser, Scott. Sacrifice hits—Bohannon, Seebach, Camer, McKernan, Thau. Sacrifice fly—Goodman. Stolen bases—Angemeier, Chapman 2. Base on balls—off Maxwell 4. Struck out—by Cornell 5; by Maxwell 8. Wild pitch—Cornell. Passed ball—Thau. First on errors—Frankfort 2; Paris 1. Hit by pitcher—by Cornell, Kuhlman. Time—1:40. Umpire—Feyer.

SATURDAY.

Planting the sphere against the left field fence when the score between the league champions and the Colts was tied in the last inning "Germany" Kaiser circled the bases and counted the run that tied the season's series between Lexington and Paris Saturday afternoon.

The contest was a see-saw affair

from the start, and errors figured prominently in the run getting for the visitors. Timely hitting and brilliant base running worked to the locals' advantage in counting at the plate, and brilliant fielding on more than one occasion prevented the Colts from scoring.

Scheneberg, who let the Senators down without a hit, in a game here this week, was sent in to oppose the frisky Colts. With the exception of the first session he had the visitors at his mercy until the last inning when he showed signs of weakening and was relieved by Harrold.

Vallandingham, who was on the mound for the visitors, was hammered over the lot for a total of eleven safeties. Scott played a brilliant game at short and divided honors with "Tex" Myers at the stick.

The Colts counted first in the opening session. Viox led off with a single through short and went to third on Yancey's drive to right. Keifel fled to Scott and Yancey pilfered the second sack. Myers bunted on the third base line and Viox counted. Yancey was caught on third and Sinex grounded to Scott for the third out.

In their half the locals went them one better. Kuhlman grounded to Myers. McKernan hit to left and went to third on Kaiser's stinging drive to right. Goodman grounded to Viox who nipped McKernan at the plate. Goodman stole second. Barnett came up looking dangerous and drew a pass, filling the bases. Scott followed with a hit to center that scored Kaiser and Goodman, but perished in his attempt to reach second. Keifel to Viox.

The visitors evened up in the third. Keifel hit a hed line to Barnett which he took with one hand. Myers hit to right, stole second and went to third on a pass ball, scoring on Sinex's grounder to Kuhlman. Ellis fled to Scott for the third out.

On two extra base hits and an error Paris forged to the front again in the sixth. Scott opened the inning with a corking drive to center for two bases. Chapman popped an easy one to Myers and Thau fanned. Scheneberg drove the ball against the center field fence for three sacks, scoring Scott, and reaching the plate when Kimbro fumbled Kuhlman's grounder. McKernan retired the side, fouling to Keifel.

In the eighth a pass, two misplays and two singles again enabled the visitors to put the contest in doubt. Viox waited and walked and took second on Barnett's muff. Yancey took life on Scott's wild throw and both were advanced a peg on Keifel's sacrifice. Myers scored both runners on a single to center and Sinex followed with a single to right. The side was retired on a neat double. Ellis grounding to Kuhlman, forced Sinex at third and

Myers at second.

The lots looked dangerous again in the ninth when Kimbro led off with a single to center. Harrold put a stop to the efforts of the visitors to carry off the game by fanning Vallandingham and forcing Viox and Yancey to hit into outs. The contest came to an abrupt end in the locals' half when Kaiser put the ball far over Ellis head against the left field fence for a homer. Score:

Lexington.....1 0 0 1 0 0 2 0-4

Paris.....2 0 0 0 2 0 0 1-5

Batteries—Paris, Scheneberg, Harrold and Thau; Lexington, Vallandingham and Keifel. Hits—Paris 11; Lexington 8. Errors—Paris 3; Lexington 2. Earned runs—Lexington 1; Paris 4. Two base hit—Scott. Three base hit—Scheneberg. Home run—Kaiser. Sacrifice hits—Keifel, Badger. Stolen bases—Yancey, Myers. Bases on balls—off Vallandingham 3; off Scheneberg 3. Struck out—by Vallandingham 4; by Scheneberg 4; by Harrold 1. Left on bases—Lexington 16; Paris 10. Double plays—Kuhlman, McKernan. Wild pitch—Vallandingham, Scheneberg. First base on errors—Lexington 1; Paris 2. Time—1:30. Umpire—Feyer.

SUNDAY.

"Rube" Harrold, the little sidwheeler, out-pitched big Bill Toney, the premier twirler of the Blue Grass League, and defeated the Hustlers Sunday afternoon in a pretty contest by a score of 4 to 1.

Harrold demonstrated that he could pitch ball and held the winners of last year's championship to two hits, only one of which could be classed as a clean drive. In the third session the visitors were retired on three thrown balls.

Toney showed a wonderful amount of speed and fanned eight of the Bourbonites that faced him. In the seventh session the locals found his delivery and before the side could be retired four men had crossed the rubber.

In the fourth session the masterly pitching of Harrold kept the visitors from scoring. Reed the first up was thumped in the back and Kircher took life on Harrold's fumble. Both men were advanced a peg on Mullins' sacrifice. Coleman fled to Barnett and Yeager looked over four bad ones, filling the bases. Harrold saved the day by fanning Barney.

In the sixth session the Hustlers scored their only run of the contest without a hit. Reed reached first and went to second on Kuhlman's bad throw, took third on Kircher's sacrifice and scored on Mullins' fly to Goodman. Coleman walked and stole second and Yeager grounded to Harrold for the third out.

The locals found Toney in the seventh inning. Kaiser fled to Yeager for the first out. Goodman, after he had

two strikes called on him struck at a low one which got through Kircher, and made first. Barnett walked and Scott hitting through second, scored Goodman. Chapman followed with a stinging drive to Barnett that was too hot to handle. Barnett scoring and Scott taking third. Chapman stole second and both scored on Thau's clean drive through second. Thau was forced at second on Harrold's grounder to Goosetree and Kuhlman fled to Coleman for the third out. Score:

Paris.....0 0 0 0 0 0 4 0-4

Winchester.....0 0 0 0 1 0 0 0-1

Batteries—Paris, Harrold and Thau; Winchester, Toney and Kircher. Errors—Paris 3; Winchester 1. Hits—Paris 6; Winchester 2. Earned runs—Paris 2. Three base hits—Chapman. Sacrifice hits—Mullen, Toney, McKernan, Kircher 2. Sacrifice fly—Mullen. Stolen bases—Coleman, Chapman. Base on balls—off Toney 2; off Harrold 2. Struck out—by Toney 8; by Harrold 3. Left on bases—Winchester 7; Paris 3. Double plays—Harrold, McKernan, Kuhlman. Wild pitch—Toney. First on errors—Winchester 3; Paris 1. Hit by pitcher—Reed. Time—1:30. Umpire—Bohannon.

Double Bill Today.

The weather permitting the Colts and Bourbonites will meet this afternoon in a double-header at White Park which will bring to a close the Blue Grass League season. Maxwell has returned to this city after an absence of several days and Scheneberg, who has been suffering with illness since the game with the Colts Saturday will be able to again take the mound against the Colts in one of the games. As the double-header this afternoon will be the last of the season a record breaking crowd should be in attendance. At present the Colts and Bourbonites are tied on the season's series and the Bourbonites must win both to go ahead of the Colts and have the best of the series with every club in the league.

"LITTLE EZEKIEL,"

The Baby to be Given Away at The Paris Grand on Saturday Night, September 24.

Porter and His Baby.

Probably no event of recent years in Paris has stirred up as much comment as that caused by Manager Porter of the Paris Grand, when he announced last week that on next Saturday night he would give away at the Paris grand to the holder of the lucky number, a pretty, cooing, blue-eyed baby boy.

The whole town is worked up to such an extent that even base ball has taken a back seat, and all you can hear discussed on the streets, around the home and in the business houses is whether Mr. Porter is doing right in giving away this baby. Mr. Porter, however, still retains that "won't come-off" smile, but advises everyone to be sure and save every coupon they receive during the present week, as on Saturday night they will be valuable. Tonight Mr. Porter is giving away

to every lady who comes to the Grand a souvenir photograph of the baby. It alone is well worth preserving as a memento of the greatest event ever held in Paris. In the meantime Mr. Porter is daily receiving applications to adopt the baby but he refers all the applicants to some orphan asylum, as he is anxious to have the distinction of finding for this baby a good home. He admits, however, that at times he is filled with longing to adopt it himself.

In reference to the giving away of the baby, the News wishes to say that during the last few days it has received several anonymous communications regarding the affair, but as our rule is to publish no communication unless it bears the name of the author, we were compelled to omit them. We do not require the name for publication, but merely as an evidence of good faith.

PATENTED JUNE 13, 1899.

Patent Sustained by U. S. Circuit Court July 5, 1905. Patent Sustained by U. S. Circuit Court of Appeals March 6, 1906.

Beware of imitations and unscrupulous people who claim to have a stove like or just as good as the Florence. Do not be deceived by such false claims and find it out when too late. Examine the Florence carefully before you buy.

NO SMOKE! NO SOOT! NO DIRT! NO CLINKERS!
EVERYTHING IS CONSUMED.

At the end of a season's use with soft coal, there will be no soot in the pipe or flue.

THE ZENITH OF STOVE PERFECTION!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry. The jointless leg bottom and base make the stove air tight below the grate, which is the only true fire keeping principle. It will be as good a fire keeper twenty years hence as it is today.

The Hot Blast Air-Tight Florence will heat twice the space that can be heated by any other stove on earth at half the cost.

The only perfect floor heater that has ever been made. All the features are patented, and no stove manufacturer, dealer or user can copy or use same for seventeen years from date of patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:

The No. 21 will heat one small room all winter with 2 tons of slack or lump coal.

The No. 49 or No. 23 will heat 2 or 3 small rooms all winter with 2 3/4 tons of slack or lump coal.

The No. 51 or No. 25 will heat 3 or 4 small rooms all winter with 3 tons of slack or lump coal.

The No. 53 or No. 27 will heat 5 rooms all winter with 4 tons of slack or lump coal.

The No. 55 will heat a large store or school room with 6 tons of slack or lump coal. For a church less coal will be required.

Will burn a ton less coal than a hard coal base burner of the same size and heat twice the space.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal or slack and all the smoke and gases. No filling up the stove, pipe or flue with soot. No dirt inside or outside the house. It will burn hard coal and all the gases which escape from the hard coal base burner. It will burn wood and sawdust, wet or dry. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half-consumed fuel.

Kaiser Released to Louisville.

Outfielder Alfred Kaiser the only member of the Paris base ball aggregation drafted by a major league club has received notice of his release to the Louisville Club of the American Association by the Chicago Cubs.

Kaiser is one of the four members of the Blue Grass League to be drafted by National League Clubs. At present he is hitting above the three hundred mark and his sensational base running and fielding attracted the attention of the scout from the major league club with the result that two weeks ago the management of the Paris club received notice of his drafting by the Chicago Nationals. The reason for his release to the Louisville Club is given in the following from President Murphy:

Mr. Alfred Kaiser,
Paris, Ky.,

Dear Sir:—This is to formally notify you that the Chicago League Base Ball Club of the National League has this day reluctantly released your services to the Louisville Club of the American Association. In doing this we wish to explain to you that it is no reflection upon your ability as a base ball player and not because we have lost any confidence in you, but because of the rule which now exists in the National League, which makes it necessary for us to carry only thirty-five men and a manager, making thirty-six in all, which must be on our reserve list of September 20—this is the only reason for releasing your services.

We do not know whether the Louisville Club wants you this year or beginning with the season of 1911, but this information you can obtain from the Louisville Club management.

With kindest regards and wishing you much success with the Louisville Club, I am,

Yours very truly,
CHARLES W. MURPHY, President.

Louisville Horse Show.

The Louisville Horse Show this year will afford a genuine treat to those who love fine horses and excitement. It will be held in the splendid Armory Building, having a seating capacity of more than 10,000, each evening during the week commencing Monday, October 10. Heretofore the exhibition has been made up of fine horses exclusively but this year there will be an innovation. Miss Lucille Mulhall and her sister, Miss Mildred Mulhall, of Oklahoma, have agreed to come to the show and bring a string of wild bronchios. These young ladies are the daughters of one of the cattle kings of the West and learned to ride during his "round up" on his ranch. They are not only the most accomplished cowwomen in the world but are beautiful girls, the former being the original of Reid's famous painting "The Girl from the Golden West." The horses which they ride are known as the "bellowing" broncho type and the stunts they do are hair raising. In spite of the fact that these horses, every minute or two, jump straight up in the air, five or six feet, and come down with legs perfectly rigid and back arched, that they rear straight up and fall backwards, that they kick so high as to practically stand on their heads, and adopt every other device known to a devilish horse, these girls seem to have no trouble in riding them.

So far as the horse show is concerned, it will be remarkable in that six of the greatest stables of show horses in the world will, for the first time, compete in the same ring. These are the horses of Alfred G. Vanderbilt of New York, J. W. Harriman of New York, Paul A. Sorg of New York, Miss Lula Long of Kansas City and Lawrence Jones of Louisville. They will have all of their crack horses at the show and will be in the ring each night. Miss Long and Mr. Sorg have never before brought their horses to Kentucky. Miss Long is one of the richest girls in America and handles her own horses and Mr. Sorg's stable is ever larger than Mr. Vanderbilt's. In addition, all the noted saddle horses in this state will be there.

The boxes and seats will go on sale in a few days so as to give people from out in the State an opportunity to make their reservation in advance. The prices of boxes for a single performance are \$12 and \$15; general admission 50 cents and reserved seats \$1.00. Any communication address to the Secretary of the Horse Show, Equitable Building, Louisville, Ky. will be promptly acknowledged and reservations made for any performance.

In the number of its mineral species North Carolina is said to exceed any other state in the Union.

Alternating Current Pie.

In the light of what has been learned about the housefly there is no longer any excuse for the gay insouciance of the poet who wrote a summer boarding house lyric, in which these lines occurred:

Here, sir, is your current pie,
Alternating current pie.
First a current, then a fly
Neath the crust alternate lie.

—Louisville Courier-Journal.

Not an Authority.

There are some persons who can't take a joke, but Fogg is not one of them. One of the boys, acquainted with Fogg's frequent changes of abode, asked him which he thought was the cheaper, to move or to pay rent.

"I can't tell you, my dear boy," replied Fogg. "I have always moved."

Willing to Be the Goat.

"Why should the spirit of mortal be proud?" quoted the impassioned orator.

Then he paused a moment to let it take effect.

"Well," spoke up a half inebriated man in the audience, "I'll be the goat. Why should it?"—Chicago Tribune.

Peace is not mere tranquillity, for tranquillity may be indifference.—Duffield.

An Awful Eruption

of a volcano excites brief interest, and your interest in skin eruptions will be as short if you use Bucklen's Arnica salve, their quickest cure. Even the worst boils, ulcers or fever sores are so healed by it. Best for burns, cuts, bruises, sores, chapped hands, chilblains and piles. It gives instant relief. 25c at Oberdorfer's.

Saved a Soldier's Life.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Texas, than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For coughs, colds, lagrippe, asthma, hemorrhage, hoarseness, croup, whooping cough and lung trouble its supreme, 50c \$1.00. Trial bottle free. Guaranteed by Oberdorfer.

WALTER A. WOOD MOWERS
Are Different From All Others
When the late Walter A. Wood built his first mower in 1882 it was upon a principle entirely different from any other. That same principle today distinguishes our mowers from all others. It is the "floating frame" described so fully in our catalog. All manufacturers of mowers admit that the "direct under-draft" principle is the correct one—but they can't use it because genuine underdraft is possible only with the "floating frame" construction which is exclusive to Walter A. Wood Mowers. We feel justified in asserting that our mowers are: the easiest running; lightest draft; handiest to operate; least expensive to keep in repair and longest lived. The mower that leads on these points is the mower it will pay the farmer to buy. There are many other good points fully illustrated and described in our Catalog. Write for it today.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy And Ambition Slipping Away.

Paris women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Paris woman's words:

Mrs. Laura Lair, 1114 Pleasant street, Paris, Ky., says: "Doan's Kidney Pills were of greater benefit to me than any other kidney medicine I ever took and I consider them worthy of the highest endorsement. I believe that kidney trouble was inherited in my case. My back was painful, especially when I stopped or lifted and when I got up in the morning I felt very lame. I was languid and nervous and was also subject to severe headaches and dizzy spells. Whenever I caught cold it made my condition worse, settling in my kidneys. Doan's Kidney Pills helped me in a short time and the contents of one box effected a complete cure."

The Reason for it.

Superintendent of Public Instruction
Regenstein, made the statement last
week that there is a dearth of teachers
for the schools of this State. He is
sending a notice to the county superin-
tendents urging them to give this in-
formation to the ambitious young men
and girls who care to become teachers.

Not many years ago the complaint
was of a dearth of "first-class teach-
ers," but now it is different. There is
a dearth of any kind of teachers—
good, indifferent and no account. It is
difficult to secure teachers enough to
meet the demand, and there is a reason.
In fact there are two reasons.

First, the standard of qualification
for teachers has been raised therefore
crowding many of them out of the pro-
fession, a healthful weeding out
which was necessary.

Second, the increase in the pay of
the teacher has not kept pace with the
increased cost of living, therefore
the successful teacher of today can
find a more lucrative field of employ-
ment than the schools, and with far
brighter prospects of promotion. The
teacher may not rise much higher than
his beginning in many years of earnest
toil, because there is not the oppor-
tunity to rise that there is in some of
the great commercial pursuits, hence
the teacher who possesses the vim and
qualification to rise as a teacher can
rise much faster in some other line of
work and receive much greater remun-
erative reward.

A Freak of Nature.

Colonel Dennison had become the

taining a pretty girl baby.

NOTICE OF SALE.

Bourbon Circuit Court.

Joshua Barton's Administratrix, etc.,
Plaintiffs,
vs.
Virgil Barton, Defendant.

Py virtue of a judgment and order of
sale made and entered in the above
styled action at the June term, 1910,
of the Bourbon Circuit Court, the un-
derigned Master Commissioner of the
Bourbon Circuit Court, will, on

MONDAY, OCT. 3, 1910,

Paris, Kentucky, at about the hour of
11 o'clock a. m., sell at public auction,
to the highest and best bidder, the land
hereinafter described, and ordered to
be sold in this action, on credits of six,
twelve and eighteen months for equal
parts of the purchase money, for which
the purchaser will be required to ex-
ecute bonds with good surety, payable to
the undersigned Master Commissioner,
bearing interest at the rate of six per
cent. per annum, from day of sale un-
til paid, and having the force and effect
of judgments.

The land to be sold is described as
follows:

Is situated in Bourbon county, Ken-
tucky, on the waters of Hinkston creek:
"Beginning in the middle of the Mil-
lersburg and Cynthia turnpike at A,
a corner to Ed Ingels; thence with the
middle of said turnpike and with Mrs.
Barton's line N 65° W 11.44 chains to B;

stone corner to same; thence S 34° E
24.24 chains to K, a corner to same and
the tract recently conveyed by Mrs.
Barton to Ed Slattery; thence with a
line of this tract N 19° E 69.32 chains to
the beginning, containing 177.53 acres."

This farm is situated on a good turn-
pike, five miles from Millersburg and
seven miles from Cynthia, conven-
ient to church and schools; a school
house near it; two colleges at Millers-
burg, male and female.

Has on it a large tobacco barn; land
in excellent condition.

WEDDED THE DEAD.

Queer Marriage Ceremony That Was
Performed in Japan.

The tragic ending of a Japanese
love story is reported by the Japan
Chronicle from Tsuzuki, a little seaside
village in the province of Shizuoka.

Ono Matsusaka, twenty years old,
fell in love with Ono O-bun, a girl
seventeen years old. The young
couple sought the consent of their
parents, and the father and mother of
the girl refused to sanction the union.
The two lovers decided to commit sui-
cide rather than be separated. By ap-
pointment they met at a trysting place
that had been the scene of their love-
making and embarked in a fishing
boat. At a point some distance from
shore they bound themselves together
with some cloth brought along to serve
that purpose and threw themselves
into the sea.

Committing "shinju," as lovers' sui-
cides are called in Japan, is such an
ordinary occurrence that little atten-
tion is attracted by it, but this tragedy
was followed by something exceptional
in Japan.

When the two bodies, still bound to-
gether, were washed ashore the offi-
cials who examined them turned them
over to their respective parents. The
villagers were so deeply affected that
they called upon the two bereaved
families to "do justice" to the boy
and girl by uniting them in marriage
after death. The mayor of the village
was especially insistent that the rites
be performed, "so that the deceased
might be safely united in the next
world." The parents agreed, the cere-
mony was carried out in due form,
and presents were exchanged between
the two families. The ceremony was
legally registered just as if it had
taken place before the deaths of the
bride and bridegroom.

Lafcadio Hearn in his "Glimpses of
Unfamiliar Japan" and "Gleanings in
Buddha-fields" never brought the at-
tention of the occident to any Japa-
nese custom or occurrence stranger
than this real happening that finds its
way into the columns of a Japanese
newspaper as a feature of the day's
news.—Louisville Courier-Journal.

MILLERSBURG ITEMS.

—Mr. and Mrs. C. R. Jones spent Saturday in Lexington.

—No change for the better in the condition of Miss Nellie Shay.

—Mr. J. G. Allen left Saturday for a ten days sojourn at Martinsville, Ind.

—Mr. and Mrs. H. D. Shyspent Saturday and Sunday with relatives in Paris.

—Mrs. L. T. Vimont and Miss Sarah Alcorn spent Wednesday in Lexington.

—Mrs. Belle Taylor spent Thursday with her sister, Mrs. Ashbrook of Cynthiana.

—Mr. and Mrs. J. E. Hunter have returned after a two months' sojourn in Colorado.

—Miss Ethel Fisher has returned after a few days' visit to Miss Irene Lary at Austerlitz.

—Mr. Thos. McClintock sold five mules to Mr. A. G. Morgan of Lexington, at \$105 per head.

—Mrs. Annie Jefferson returned Saturday after several weeks' visit to friends in Mason county.

—Mrs. Virginia Fitch left Thursday for the home of her son, Mr. Owen Fitch, to spend the winter.

—Mr. and Mrs. O. M. Johnson of Winchester were guests of relatives here from Saturday to Monday.

—Mr. Ben Holladay left Saturday for Denver, Col., after a short visit to his father, Mr. Nat Holladay.

—FOR SALE—One second-hand survey, good.

PEALE COLLIER & CO.

—An impromptu dance was given by the cadets at M. M. I. drill hall Friday evening. About ten couples were on the floor. A number of spectators was present. The music was furnished by Captain Howard Fieze.

—Call on us for the best coal. It's the same we had last winter. Always the best.

PEALE COLLIER & CO.

—Rev. T. W. Watts, Dr. J. O. A. Vaught, G. P. Fisher, Kentucky Conference Epworth League Treasurer, will leave for the annual conference of the M. E. church South, which convenes at Harrodsburg Wednesday.

—Miss Julia Miller returned Thurs-

day from Asheville, N. C., where she has been the greater part of the year for the past two years. She will probably remain at home during the winter.

—Several couples of young people spent Sunday at Blue Lick Springs.

—Miss Colvin of Oklahoma, spent a few hours at M. F. C. Saturday on her way to Carlisle.

—Miss Edyth Myall of Paris, was the guest of her cousin, Miss Ethel Johnson from Friday to Monday.

—Misses Lelia and Elizabeth Lynn of Washington, D. C., arrived Monday as guests of their sister, Mrs. N. G. Luck.

—Mr. S. A. Ratliff of Norton, Va., spent Saturday and Sunday at the M. F. C., where he placed his daughter, Miss Irene in school.

—Mr. Robert Harper and family of Cowan, passed through Millersburg Saturday enroute to Lexington, stopping for a while at M. F. C. where their daughter is in school.

—The Mission Study Class of the Presbyterian church will have a cake sale Saturday in the vacant room of Mrs. Sue Sandusky adjoining the millinery parlor of Miss M. B. Clarke.

—Mr. Dennis McManan and family left Saturday for a visit to his sister, Mrs. Dalzell in Lexington. Mr. McManan returned Sunday. His wife and little daughter will remain a week.

—Mr. J. P. McCartney of Flemingsburg, addressed the tobacco growers of Millersburg Saturday in behalf of the Burley Tobacco Society at the opera house Saturday afternoon. Mr. George Bell of Harrison county, and President Clarence Lebus of Lexington, delivered short addresses. President Lebus declared that unless the tobacco was sold by the first of October the pool would be a failure, and in all probability the pool of 1909 would be dumped on the open market.

—A reception was given Saturday evening from seven till ten by the old girls at M. F. C. to the new ones. The hours were delightfully spent. Music was dispensed by Miss Ethel Fisher and others and a number of pleasantry were indulged in such as pinning on the donkey's tail, etc. The most unique feature of the evening was the way partners were selected for lunch. A sheet was stretched across the open doors separating the library from the parlor. The new girls were lined up in the parlor with

the room darkened, while the lights were burning in the library. An old girl appeared in front of the screen in the library forming a shadow picture. The new girl at the head of the line had to guess from the shadow who she was, if she failed to do this she went foot. Partners were selected in this way, enough of the old girls and teachers remaining in the parlor with the new girls to make the guests complete. A delightful lunch of substantial was served in the dining room.

AARON MCCONNELL.

Barred from Fashionable Apartment House.

Mrs. "Jack" Cudahy, whose husband slashed Banker "Jere" S. Lillis, has been compelled to abandon her intention of living at Hadden Hall, the ultra-fashionable South Side apartment-house in Kansas City, because guests in the house threatened to move if she lived there.

When told of this feeling the vivacious divorced wife of a millionaire's son shrugged her shoulders, smiled and went away to look for apartments elsewhere.

Society in Kansas City is also gossiping about the attention Mrs. Cudahy is getting from Frank M. Rhodes, a wealthy young bachelor. Rhodes is popular in country club circles and was runner-up in the golf entertainment at the country club a year ago, when he was defeated by Jere S. Lillis for the title.

Hogs Killed by Lightning.

During the heavy thunderstorm yesterday morning Mr. John Pridemore of near Paris, suffered the loss of two fine sows, which were in an open pasture. They weighed about three hundred pounds and each was followed by nine pigs. The pigs were not injured by the bolt.

Mr. Brooks Clay had a fine steer killed by lightning on his farm yesterday.

THEATRICAL.

"THE MAN ON THE BOX" AT THE GRAND.

—The management of "The Man on the Box" company promises the play goes of Paris a New York production when "Bert Leigh" makes his bow as a star next Friday night at the Paris Grand in the title role of Harold McGrath's famous novel of that name. The scenic equipment that is being carried by this company is the same that Mr. Henry E. Dixey used during his run of over two hundred nights at the famous old Mession Square Theatre in New York City, and played every principal city in the United States. Every detail has been carefully inspected by Mr. Walter N. Lawrence, who guarantees this com-

pany to equal the original, and in some instances to surpass it. Lionel Lawrence, the stage manager of the New York Theatre for many years was especially brought on to produce this play for Mr. Leigh. Mr. Lawrence being responsible for the original company in New York. In short, nothing has been left undone to make this company one of the best now touring the country with this popular play, that is familiar to all theatre-goers in the city.

THE SPEED MANIA.

Sensations That Come With a Ride in a Racing Motor.

Imagine yourself in a big racing machine plunging over a course at eighty miles an hour. For the average man the sensation is awful, but the speed kings revel in it. Down the road streaks the car. Lashed into a typhoon by the appalling speed, the still air roars in your ears. You think you will never regain your hearing. The resistance of the atmosphere is fearful. The slightest forward movement is an effort. Distant objects loom up suddenly before you and jump by. The landscape is a streaky line of green, blotched here and there as a house is passed. The gale seems to cut your face, and you feel yourself being gradually flattened out against the back of the seat. It seems that the glass in your auto goggles is on the point of breaking. Particles of dust are driven back in your eyes. You may become blinded. The vibration of the engine is terrific. Mysterious indicators fluctuate alarmingly. It may mean that the engine is on the point of exploding. What makes the floor tremble so? Surely something will happen now!

And then you hear explosions booming from the exhausts as the drivers "shut off." A sharp turn is ahead. The noise is deafening. The terrific speed does not seem to have been checked. The outline of the turn grows more distinct. It is sheer folly—maybe death—to rush at it at such a pace. You dare not breathe as the car tears into the bend. It skids and a wall of dirt is thrown up alongside you as the driver, with a sharp twist of the wheel, sends the car once more back in the middle of the road. You are safe—until another turn is encountered.—Hampton's Magazine.

A Painful Inference.

A teacher was instructing a class of boys and had spent half an hour trying to drive into their heads the difference between man and the lower animals, but apparently with little success.

"Tommy," he said coaxingly to a little chap, "do you know the difference between, say, me and a pig or any other brute?"

"No," replied Tommy innocently, but another teacher standing by laughed.—London Answers.

The Similarity.

"Lucky at cards, unlucky at love," quoted the wise guy.

"Well, either is simply a case of holding hands," said the simple mug.—Philadelphia Record.

To encourage talent is to create it.—Lessing.

Over 8,000 gardens are cultivated in connection with Austrian schools, the pupils receiving tuition in horticulture.

It Doesn't Last.

There can be no permanent glory for the man who depends on his clothes or his hair to give him distinction.

In Conference With Executive Board.

President Clarence Lebus of the Burley Tobacco Society, accompanied by Miss Alice Lloyd, was in the city yesterday in conference with the Executive Board of the Bourbon County School Improvement League in an effort to enlist the interest of the League in soliciting tobacco for the pool. The conference, which was held in the office of County Superintendent, Miss Mabel Robbins, lasted for several hours, but no information as to the result of the meeting was given out. Owing to the short notice given of the meeting it was with difficulty a quorum was secured. Those present were: Mrs. R. B. Hutchcraft, Mrs. James McClure, Mrs. Fannie Belle Sutherland, Mrs. F. P. Lowary and Miss Lucy Simme.

House Struck by Lightning.

During the storm early yesterday morning the residence of Henry French on Sixteenth street was struck by lightning and slightly damaged. The loss which was covered by insurance in the agency of McClure & Clendennin, was promptly settled.

DEATHS.

—Mr. Isaac Cunningham, 63 years old, died at his home in Lexington Friday night at 10 o'clock. He is survived by his wife, Mrs. Ida Kimbrough Cunningham; two sisters, Mrs. William O. Shropshire of Paris, and Mrs. William Haly of Clintonville, and brother, Thomas Cunningham of Winchester. The funeral services were held at the residence Sunday afternoon at 1:30 o'clock and the body was taken to Cynthiana Sunday afternoon for burial in the family lot in the battle Grove cemetery. The Rev. Carey E. Moore officiated.

—News of the serious illness in Lawton, Okla., of Mrs. W. P. Fisher who was operated upon for appendicitis, has been received by Bourbon relatives. Mrs. Fisher was formerly Miss Erdman of the Hutchison neighborhood, and has with her her mother, who reached the bedside the day following the operation.
